It is hard to pinpoint an exact date so it is wise to assume that freezing temperatures are possible two weeks before the first frost date and two weeks after the last. The dates in-between the last and first frost dates are days when it is safe to plant and when you should harvest your last vegetables of the season.

### **Bing: Before The Frost**

Before the Frost was the only episode in this excellent series that I found a bit of a slog, after a baffling, macabre and unique opening we get pretty much eighty minutes of slow drama, then a fantastic, gripping last ten minutes. After the brilliance of *The Dogs of Riga*, this one seems slow and almost overly grim.
